About Multiply

Are you one of the **49%** of adults that find maths confusing, complicated or challenging?

GAIN SKILLS FOR LIFE AND WORK

Multiply is a new government-funded programme to help adults improve their numeracy skills.

If you're aged 19 and over and don't have maths GCSE at grade C (or equivalent), you can access free numeracy courses through Multiply to build your confidence with numbers and gain a qualification.

SUPPORTING NUMERACY GOALS

Acorn Training are proud to be a delivery partner for the Multiply initiative in Stoke-on-Trent and Staffordshire. We work with local individuals and businesses to ensure that maths needs are identified and tailored goals are achieved through our training.

Essentials Skills - Maths

If you lack confidence with maths, start to build your essential maths skills through Multiply. If you are a beginner or just want to refresh your skills, the programme will be built to meet your goals and requirements.

Maths Springboard

This course is designed to develop your maths knowledge by expanding your skills specifically for your job or to progress into your chosen area of work. New maths skills could help unlock jobs and greater earning potential.

Maths Booster

Boost your maths knowledge with this course to build your confidence one step at a time. Whether it's supporting your children with their homework or DIY calculations, this course covers a variety of practical maths skills.

Essential Budgeting Skills

By developing your maths skills around finances and household budgeting, you could find that you are better equipped to deal with the cost of living and could find ways to save money. Let Multiply support you make some positive changes with your money.

Functional Skills

This qualification covers the core maths skills that are needed for most jobs. It shows an employer that you have the necessary maths skills for work and at Level 2 is equivalent to a GCSE. A bespoke learning package will be developed with an expert tutor to support your maths needs.

Preparation for GCSE Maths

Prepare to take your GCSE in Maths with this adult course, designed to refresh your memory and support you through the key elements of GCSE maths. Can't remember the difference between Pythagoras and Pi? Don't worry, we've got you covered.

Upskill Yourself

AM I ELIGIBLE?

Our Multiply courses are free/fully-funded for those aged 19+ living within Stoke-on-Trent or Staffordshire without a maths GCSE at grade C (or equivalent)
